Agents please try and confine your orders to the above varieties as they are standard and usually hardy and give satisfaction.

FOR SMALL city orders recommend the big fancy trees. We especially solicit small orders, as we want your order and if we please you we will probably get another order from you, it not from you personally, then maybe from your friends, so please remember that your small order of a couple trees will have the same care as an order for a carload. Agents wanted.

Sincerely,
